

VISHAL GANGWAR

Frontend Developer | Web Designer | UI/UX Designer

Bareilly, Uttar Pradesh, India | +91 7078713774 | vishalgangwar462@gmail.com

PROFESSIONAL SUMMARY

Frontend Developer and Web Designer with 2+ years of experience building responsive, user-focused websites and web applications. Skilled in HTML5, CSS3, JavaScript (ES6+), React.js, and Bootstrap, with hands-on UI/UX design experience in Figma and additional training in the MERN stack. Proven ability to translate design mockups into functional, cross-browser-compatible interfaces, troubleshoot frontend issues, and collaborate across design and development teams to deliver projects from concept to launch.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Bootstrap, Responsive Web Design, Cross-Browser Compatibility

Backend & Database: Node.js, Express.js, REST APIs, MongoDB

UI/UX & Design: Figma, Photoshop, Canva, Wireframing, Prototyping, UI Design

Tools & Practices: Git, GitHub, VS Code, Version Control

KEY STRENGTHS

- Bridges design and development — delivered 3 live client websites from Figma wireframe to fully coded, responsive build.
- Comfortable working directly with clients, translating brand requirements into clear interfaces.
- Quick to troubleshoot cross-browser and cross-device issues, keeping live sites stable.

PROFESSIONAL EXPERIENCE

Web Designer & Developer — Tishha Consultants LLP, India

Nov 2024 – Present

- Design and develop responsive websites and web interfaces based on project requirements, brand guidelines, and end-user needs.
- Create wireframes, page layouts, and UI designs in Figma, then convert approved designs into fully responsive, production-ready web interfaces using HTML5, CSS3, JavaScript, and React.js.
- Build reusable frontend components and interactive UI elements, and perform website updates, content/layout changes, and frontend troubleshooting.
- Delivered 3 client websites across healthcare, business, and promotional sectors, each with clear information hierarchy and user-friendly navigation.
- Collaborate cross-functionally across web design, UI/UX, graphics, and development teams from concept through implementation and final delivery.

Full Stack Development Intern — Mapping Skills, Greater Noida

Mar 2023 – Sep 2023

- Completed hands-on frontend development training covering HTML, CSS, and JavaScript fundamentals.
- Collaborated with senior developers on live website implementation using HTML, CSS, JavaScript, and PHP.

Front End Development Intern — Netwings Infotech, Noida

Apr 2022 – Oct 2022

- Built and tested responsive web layouts, contributing to improved website usability and frontend performance.

PROJECTS

Windermere Theatre Website (Web Design & Development): Modern cinematic theatre website with responsive event/festival layouts.

Radhika Hospital Website (Web Design & Development): Responsive healthcare site with structured information and user-friendly navigation.

Khashvi Nephro Clinic Website (Web Design & Development): Responsive clinic website presenting services and clinic information clearly.

Spotify App UI (UI/UX Design, Figma): Music-streaming UI covering navigation, discovery, and playlist screens.

Movie Ticket Booking App UI (UI/UX Design, Figma): Movie discovery, show-selection, and ticket-booking flow design.

Personal Portfolio Website (HTML, CSS, JavaScript): Responsive portfolio showcasing development and design work.
